**We are so excited about the upcoming Gardeners' Party honoring our own Pepe Maynard**—Friends of Horticulture Co-Chair, renowned garden designer, storied plantswoman and dear friend.

**Pepe Maynard** has been a member of Wave Hill's Friends of Horticulture since its early days in the 1980's. With Page Dickey, she co-founded the Garden Conservancy's Open Days Program, which brings thousands of visitors to private gardens all over the country year after year. With Lynden Miller she restored Central Park's spectacular Conservatory Garden. Pepe's childhood on a pyrethrum farm in Africa continues to influence her—she is a hands-on gardener who loves wide expanses and adores trees.

**The party will be fabulous!** Festivities begin at 6PM with our annual **Plant Sale** and refreshing **Cocktails** in our glorious gardens. Enjoy our terrific **Silent Auction** outdoors, situated on the Great Lawn. As the sun sets, the party moves to the tent on the Lower Lawn for dinner and the always exciting **Live Auction**.

**This year, look for Pepe-approved auction items**, like a group of variegated dogwoods and the *'I Can't Live Without These Plants'* collection, which includes favorites like hellebores and snowdrops paired with a stewartia tree. Of course, there will be many other exciting plants, garden accoutrements and special opportunities! We can't wait to share them with you.

See you in September!
