

Oehme, van Sweden & Associates, Inc (OvS), is an internationally-recognized, award-winning landscape architecture firm located on historic Capitol Hill in Washington, DC. OvS' diverse clientele includes government agencies, public institutions, businesses, and private home owners, with projects located across the United States. OvS is seeking a paid summer intern to provide additional support on projects and to engage in dynamic learning opportunities.

OvS believes the time is right to re-engage interns in opportunities that emerge from professional office culture and real-world projects. We greatly value the inspiration, new ideas, and enthusiasm that arise from university horticulture and design programs. In-office and on-site experiences are dependent on Covid-19 status this summer.

ELIGIBILITY

Applicants must be current students of Landscape Architecture, Architecture, or Horticulture programs.

DURATION

May 31st to August 13th
(flexible dates)

APPLY

Send cover letter, resume, and work samples to employ@ovsla.com. Please include *Landscape Architect: Intern* as the subject line. No phone calls, please.

DEADLINE

March 26th, 2021
