

Position Title: Designer
Location: Washington, DC
Experience: 1 - 3 years

OEHME, VAN SWEDEN | OvS, an internationally recognized, award-winning landscape architecture firm located on historic Capitol Hill in Washington, DC, is seeking a qualified, dynamic, candidate with one to three years of experience. The position requires a high level of design for a diversified mix of clients that includes government agencies, public institutions, businesses, and private residences.

The Opportunity: We are looking for a proactive Designer to join our team, in support of the firm's senior staff. The ideal candidate will have the ability to work autonomously as well as collaboratively with senior team members to assist in the delivery of projects.

The Role: With an exciting range of projects on the horizon, we are looking for a highly motivated candidate to take on a key role with our team. The ideal candidate will:

- Participation on project teams and assistance with the development of design solutions;
- Preparation of drawing sets and presentation packages;
- Preparation of hand-sketches that clearly communicate ideas throughout all phases of design;
- Technical and administrative assignments: tabulations, cost estimates, et cetera;
- Research and preparation of construction details and specifications;
- Active participation in project meetings;
- Special projects and assignments;
- Other duties as assigned.

About You: This role is ideally suited to someone with 1 – 3 years of relevant experience and:

- BLA or MLA from an accredited college or university.
- Demonstrated proficiency in presentation graphics programs, such as Adobe Creative Suite and technical applications such as CAD, Revit, Sketch-Up, or 3-D Studio;
- Demonstrated proficiency related to all design phases: Conceptual Design through Construction Documents;
- Demonstrated proficiency in written, oral, and graphic communication;
- Demonstrated proficiency in effectively presenting information and responding to questions from managers, clients, and the public;
- Proficient in reading, analyzing, and interpreting professional journals, technical procedures, and governmental regulations;
- Excellent interpersonal skills;
- Demonstrated interest and/or active pursuit of Registration and LEED Accreditation preferred.
