

**Position Title:** Designer  
**Location:** Washington, DC  
**Experience:** 1 - 3 years

OEHME, VAN SWEDEN | OvS, an internationally recognized, award-winning landscape architecture firm located on historic Capitol Hill in Washington, DC, is seeking a qualified, dynamic, candidate with one to three years of experience. The position requires a high level of design for a diversified mix of clients that includes government agencies, public institutions, businesses, and private residences.

**The Opportunity:** We are seeking a creative and talented Designer to join our team and support the firm's senior staff and principals on projects. The ideal candidate will have strong design skills, enjoy working within a creative team and have a strong work ethic. The position will progress your career and allow you to work on a broad spectrum of projects.

**The Role:** With an exciting range of projects on the horizon, we are looking for a highly motivated candidate to take on a key role with our team. The ideal candidate will:

- Participate in all phases of a project from master planning through construction observation;
- Prepare site analysis documents and diagrams, conduct research relevant to project work, prepare illustrative plans and narrative descriptions, and assist with material selections;
- Deliver a high standard of graphic, written, and verbal communication, actively engage with and contribute to a design studio culture;
- Participate as a member of a team, with a distinct ability to collaborate by providing input as well as listening to others.

**About you:** This role is ideally suited to someone with 1 – 3 years of relevant experience and:

- Qualifications in Landscape Architecture, Urban Design, or a related discipline;
- A high level of competence in the use of relevant software applications including AutoCAD. Proficiency with BIM / Revit / 3D modeling will be an advantage, but a willingness to learn is also valued;
- Strong graphic skills in Adobe programs including InDesign, Photoshop, and Illustrator;
- Strong knowledge base for plants, with a desire to deepen knowledge of plant species familiarity and planting design;
- ASLA accreditation will be highly regarded.
